

Request for Proposals: Digital Divide Questions and Answers

January 6, 2022

Q: I was not clear if these funds can pay for the cost of Wi-Fi service or just devices and/or infrastructure?

A: Yes, these funds can be used to pay for Wi-Fi service. However, please note that longer term sustainability is part of what we are looking for in proposals, and proposals that focus on short term access without a plan for sustainability may score lower.

Q: Can funds be used with another grant award from OHCD to provide free Wi-Fi for 7 contiguous block groups ranging from 56% L/M to 67% L/M in our down town neighborhoods?

A: Yes, this scenario would be eligible for funding.
