

**Request for Action  
By  
Board of Commissioners**

**Approval of Bridging the Digital Divide Program Funding Awards**

**1. Summary of Request**

This Request for Action (“RFA”) is for approval of grant funding under the Bridging the Digital Divide Program (“Digital Divide”). The Board of Commissioners of Rhode Island Housing and Mortgage Finance Corporation (“RIHousing”) approved up to \$250,000 in Digital Divide funding as part of the program budget for fiscal year 2021.

The RIHousing Digital Divide program provides funding for one or both of the following activities:

- Creating infrastructure needed for internet access
- Providing free or low-cost WiFi for people in their homes

RIHousing issued a Request for Proposals (“RFP”) for awards of Digital Divide funding in February 2021. The RFP was posted on the RIHousing website, the State of Rhode Island Division of Purchasing website, social media, and sent directly to approximately 960 organizations, municipalities, property managers, developers and interested parties via an email announcement. A press release was also issued to local media outlets. RIHousing received 20 proposals in response to the RFP from 20 applicants representing service organizations, housing developers, public housing authorities, municipalities, a university, and privately owned entities. Funding requested totaled \$969,904.

A committee consisting of the Deputy Executive Director and staff from the Executive Division, Development Division, and Leased Housing and Rental Services Division conducted a review of each proposal in accordance with the ranking criteria set forth in the RFP. The committee is recommending funding be awarded to the projects and programs described at Attachment A.

**2. Recommendation**

Staff recommends that the resolution authorizing Digital Divide funding in the amount of \$250,000 for the projects and programs set forth at Attachment A be approved.
