RIHousing Comprehensive Community Development Program and Project Funding

RIHousing seeks proposals from eligible applicants to fund community development programs and projects that support activities for people living in RIHousing financed developments. The intention of this funding is to complement RIHousing’s investments to provide additional resources to support residents. Funding may be used as seed money for new initiatives or for expansion of current initiatives. Please see below for a list of the eligible uses.

ELIGIBLE APPLICANTS:

RIHousing financed development owners and property managers are eligible to apply.

Non-profit and for-profit organizations, municipalities, faith-based organizations and community housing development organizations are eligible to apply but must provide proof that funding will support residents living in a RIHousing financed development. Proof could include an executed agreement or similar document. Applicants may submit more than one proposal.

RIHousing’s Policy Map (https://www.rihousing.com/policy-map/) tool may be used to determine if a property is RIHousing financed. If trying to confirm the eligibility of a property with under 5 units, please contact swasserman@rihousing.com.

FUNDING AMOUNT and GRANT TERM:
$500,000 total is available in funding. Funds will be awarded as a three-year grant term to allow for some sustainability and longer assessment of outcomes. The anticipated maximum award per grantee is $150,000 ($50,000 per year). Grantees will have the opportunity at the end of each year to discuss changes in upcoming funding needs.

ELIGIBLE ACTIVITIES:
Proposed programs and projects must belong to at least one of the following categories:

- Programs/projects that promote housing stability and increased economic self-sufficiency, such as financial literacy, homeownership education, work force development, tenant education, and health and wellness.
- Support for Resident Service Coordinators to address an increased need for tenant stability due to Covid-19 related stresses and challenges.
- Funds to sustain or expand innovative programming created or identified as needed in response to the pandemic, such as programs to address social isolation and access to healthy foods.

In all efforts, partnerships with community-based organizations are strongly encouraged.
