

Landlord Partnership Program

Why partner with RIHousing's
Housing Choice Voucher Program?

We have several landlord incentives to encourage landlord participation in the Housing Choice Voucher Program.

\$2,000 for the first apartment rented with the program
\$500 for each new unit thereafter!

FINANCIAL INCENTIVES

- To increase landlord participation and create new housing opportunities for households with vouchers, RIHousing is offering landlords \$2,000 for their first new unit with the program. Thereafter, landlords will receive \$500 for every new unit leased with the program.
- Current participating landlords are eligible for the \$500 incentive for each new unit leased with the program.

OTHER INCENTIVES OFFERED BY RIHOUSING INCLUDE:

IMPROVEMENT FUND

Reimbursement of up to \$2,000 for necessary repairs identified during program unit inspections or after a tenant vacates the unit

- All units must be inspected prior to occupancy to ensure they are safe and healthy places to live. Often, items needing repair are identified. RIHousing will reimburse up to \$2,000 for identified repairs.
- If, due to tenant caused damages, units need repairs during or after a tenant moves out, RIHousing will reimburse up to \$2,000 for these repairs.

LEADS SAFE HOMES PROGRAM

Free lead-paint remediation (both interior and exterior) for landlords who agree to rent a unit for one-year minimum through the HCV Program

- RIHousing's LeadSafe Homes Program offers remediation of lead-paint based hazards in and outside of the home. Typically, this program is offered as a 3-5 year forgivable loan. However this remediation will be provided as a grant for landlords that agree to rent the unit with HCV Program for a minimum of one year. The typical value of this remediation is around \$7,500, in addition to bringing your home into compliance with state lead laws.

PRE-INSPECTION

Courtesy inspection of your property to identify any items that need to be fixed before the formal program inspection

- Upon request, RIHousing will conduct a courtesy inspection to identify any items that may need to be repaired. This will allow for the repair to occur prior to the formal program inspection, and will ensure there is no delay in the tenant moving in.
- If items needing repair are identified, you may apply for reimbursement under the above noted Improvement Fund.

BENEFITS of participating in the HCV Program

- Guaranteed rent from RIHousing
- Free advertising
- Help provide affordable housing to Rhode Island families
