SECTION 8 CONTRACT ADMINISTRATION

The Project-Based Section 8 program is one of the largest housing resources for low-income individuals and families in Rhode Island. RIHousing serves as the Contract Administrator on behalf of HUD for project-based Section 8 in Rhode Island. Under the program, a Housing Assistance Payment (HAP) contract is entered between HUD and the project's owner for a specific period of time. Eligible tenants generally pay 30% of adjusted income toward rent and HUD provides the HAP subsidy for the remaining portion of the rent to the owner.

As Contract Administrator, RIHousing:

- Processes monthly tenant vouchers
- Processes Housing Assistance Payments
- Processes rent and utility adjustments
- Performs Management and Occupancy Review, that includes a physical inspection

Management and Occupancy Reviews

Annual Rent Adjustments (OCAFs and RCSs)

Contract Renewals

Vouchers and Special Claims

MOR Streamlining

- *Previously we have been performing MORs in waves, at a rate of about once every 18 months.*
- *In July of 2022 HUD issued a final rule on risk-based management and occupancy reviews*
- *Any MOR performed after 9/26/2022 will have it's next MOR determined by a combination of it's score and risk-rating*
- *It will likely take our team another year to complete the initial grading to get our full portfolio on our schedule.*
- *Most MORs are falling under the 3-year schedule.*

Previous MOR:	Unsatisfactory	Below Average	Satisfactory	Above Average	Superior
<i>Next MOR must be conducted within...</i>					
Risk Classification: Troubled	12 months of previous MOR	12 months of previous MOR	12 months of previous MOR	12 months of previous MOR	12 months of previous MOR
Risk Classification: Potentially Troubled	12 months of previous MOR	12 months of previous MOR	12 months of previous MOR	12 months of previous MOR	12 months of previous MOR
Risk Classification: Not Troubled	12 months of previous MOR	12 months of previous MOR	24 months of previous MOR	36 months of previous MOR	36 months of previous MOR

Streamlining *(cont.)*

- *An MOR must be conducted within six months of a management or ownership change*
- *CA staff must review all documentation in the tenant file going back to the date of the last MOR.*
- *The Final Rule also clarifies that even though HUD is publishing this schedule, HUD or a CA retains the right to schedule a MOR at any time if:*
 - *HUD publishes a new MOR schedule after public comment;*
 - *Documented concerns at the project warrant an assessment; or*
 - *The project's condition or risk rating worsens.*
