

JM GOLDSON

Firm Profile

Founded in 2006, JM Goldson, LLC is a team of professional planners on a mission to support our clients as they create equitable, sustainable, and authentic places.

A certified WBE in Massachusetts, JM Goldson brings a nimble, collaborative approach grounded in real-world experience, both on the municipal side of vision planning to facilitation with development teams and robust and interactive public engagement.

Located in Boston, JM Goldson's work represents a wide range of projects tailored to best meet the individual needs of client communities. The firm's clientele has included a mix of public- and private-sector clients over nearly two decades in service.
