TERMS AND ISSUANCE

Section 2.01. Principal Amount, Designation and Series. In order to provide funds necessary for the Homeownership Opportunity Program in accordance with the terms, conditions and limitations established herein and in the General Resolution, single or multiple Series of Bonds are hereby authorized to be issued in an aggregate initial principal amount not to exceed \$250,000,000. In order to distinguish between Bonds of the same maturity which are subject to different interest rates, Sinking Fund Payments and other features, the Bonds of such Series may be designated and redesignated (as herein provided and as may be provided in the related Series Certificate delivered in connection with such Bonds) in such way as to identify several Subseries. Such Subseries may be designated as Subseries __-A, Subseries __-B, and so forth. In addition, in order to distinguish between Bonds of different tax plans for federal tax purposes and any Bonds issued as convertible option bonds and reissued into a separate tax plan upon the conversion thereof, the Bonds of such Series may be designated and redesignated (as herein provided and as may be provided in the related Series Certificate delivered in connection with such Bonds) in the then next sequential numerical number of Homeownership Opportunity Bonds and, within such designation, may be further designated with an alphabetical Subseries designation. References herein to the Series Bonds shall be deemed to include any separately designated Series authorized hereby, and any separately designated Series initially issued as convertible option bonds. RIHousing is of the opinion and hereby determines that the issuance of the Series Bonds in the amount authorized hereby is necessary to provide sufficient funds to be used and expended for the Homeownership Opportunity Program. In addition to the title “Homeownership Opportunity Bonds,” the Bonds of such Series will bear the additional designation “Series __” and each as so designated will be entitled “Homeownership Opportunity Bond, Series __”; provided, however, that any Subseries of Bonds which matures within three years of the date of issuance thereof may be titled “Homeownership Opportunity Notes” and bear the additional designation “Series __”; provided, further, that any Bonds designated as a separate Series as authorized hereby will bear the additional designation “Series _____” (with the blank being the next sequential numerical number of Homeownership Opportunity Bonds) and each as so designated will be titled “Homeownership Opportunity Bonds, Series _____” (with the blank being the next sequential numerical number of Homeownership Opportunity Bonds).

Section 2.02. Purpose. The Series Bonds are being issued to provide amounts which, together with funds provided by RIHousing, will be deposited into the Loan Account, the Revenue Account, the Redemption Account, and/or the Debt Service Reserve Account, all as shall be specified in the related Series Certificate delivered in connection with the Series Bonds for the purpose of replacing and refunding outstanding obligations of RIHousing (including

economic refundings) and/or for the purpose of financing the acquisition of Program Loans, Program Securities or a combination thereof.

Section 2.03. Series Date. Each Series of Bonds, and each Subseries of Series Bonds, shall be dated as provided in the related Series Certificate.

Section 2.04. Maturities and Interest Rates. Each Series or Subseries of Series Bonds shall mature not later than forty years after their original issue date and shall bear interest as provided in the related Series Certificate. Any Authorized Officer is authorized to set the amount of the Series Bonds maturing in any particular year and the method of determining the interest rate or rates on the Series Bonds provided, however, that the interest rate or rates on the Series Bonds of any particular maturity at the time of initial issuance shall not exceed 9.00%, and such amounts maturing in each year and such interest rate or rates shall be set forth in the related Series Certificate. The Series Bonds shall incorporate such interest rate features and other provisions, including, without limitation, such features and provisions as fixed rate bonds or notes, floating rate bonds or notes, variable rate bonds or notes, convertible option bonds, taxable bonds, mandatory tenders, tender option bonds, super sinkers, auction rate securities, inverse floating rate securities, zero interest bonds, premium bonds, appreciation bonds, bond insurance or other credit enhancement or liquidity facilities, all to the extent the Authorized Officer executing the related Series Certificate determines that such features and provisions are necessary or desirable in order to accommodate requirements related to maintaining or upgrading the rating of the Series Bonds or the federal tax-exempt status of the Series Bonds, as applicable, or to the extent that an Authorized Officer determines that such features and provisions would be in the best interest of RIHousing's Program. Any such features and provisions shall be set forth in the related Series Certificate.

Section 2.05. Denominations, Numbers and Letters. The Series Bonds shall be issued in the denominations provided in the related Series Certificate. The Series Bonds shall be issued in registered form, shall be lettered in accordance with their Series and Subseries designation, if any, as provided in Section 2.01, and shall be numbered consecutively from one upward in the order of their issuance. If more than one fully registered Series Bond is issued in a simultaneous transaction, such bonds shall be numbered in such manner consistent with the sections above as the Trustee shall determine.

Section 2.06. Paying Agent. The Trustee is hereby appointed the Paying Agent for the Series Bonds pursuant to Section 11.2 of the General Resolution, and the principal or Redemption Price, if any, of and interest on the Series Bonds shall be payable at the designated office of the Trustee in Jacksonville, Florida, or as otherwise designated by the Trustee.

Section 2.07. Special Redemption. The Series Bonds shall be subject to special redemption at the option of RIHousing, as a whole or in part in accordance with the provisions of the General Resolution, as set forth in, and subject to the provisions of, the related Series Certificate.

Section 2.08. Optional Redemption. The Series Bonds shall also be subject to redemption, at the option of RIHousing, as a whole or in part on any date (which date shall be determined by RIHousing or selected by the Trustee, subject to the provisions of and in

accordance with the General Resolution and when so determined or selected shall be deemed and is hereby set forth as the Redemption Date) on or after the dates set forth in the related Series Certificate and prior to their respective maturities, as and to the extent set forth in, and subject to the provisions of, the related Series Certificate.

Section 2.09. Mandatory Redemption of Bonds. The Series Bonds shall be subject to redemption in part through application of Sinking Fund Payments as provided in subsection 5.4(E) of the General Resolution and as and to the extent set forth in, and subject to the provisions of, the related Series Certificate.

Section 2.10. Selection by Lot. Unless otherwise provided in the Series Certificate, if less than all of the Series Bonds of a like Subseries, if any, and a like maturity are to be redeemed, the particular Bonds of such Series, Subseries and maturity to be redeemed shall be selected by lot in accordance with Section 6.4 of the General Resolution.

Section 2.11. Additional Determinations. To the extent the Authorized Officer executing a Series Certificate deems necessary or desirable to preserve or upgrade the rating on the Series Bonds or otherwise give effect to the terms of sale of the Series Bonds as set forth in the Purchase Contracts, a Series Certificate may include additional determinations providing for the interest rates, designation, maturities, terms of redemption and other terms with respect to the Series Bonds, including, but not limited to, minimum requirements on amounts held in the various accounts (which requirements are not inconsistent with the General Resolution), guidance on investments of amounts held under the various accounts (which guidance is not inconsistent with the General Resolution); and provisions for the delivery of certain Subseries at times and on terms and conditions different than other Subseries. In addition, such Series Certificate may provide that money market funds which invest in federal agency securities shall constitute “Investment Securities” under the General Resolution if (a) such money market funds are rated in either of the two highest rating categories by each Rating Agency and (b) such expansion of the definition of “Investment Securities” will not, in and of itself, impair or cause the Series Bonds to fail to retain, the then existing rating assigned them by each Rating Agency.

Such additional determinations in the Series Certificate may also include provisions relating to, and accommodating payments by RIHousing under an Interest Rate Exchange Contract (as defined below) entered into in accordance with RIHousing’s Policy for Interest Rate Related Derivatives, adopted by RIHousing by resolution on September 20, 2018 (the “Derivatives Policy”), or pursuant to a separate resolution authorizing the same subsequently adopted by the Commissioners of RIHousing, provided, however, that no Interest Rate Exchange Contract may be entered into by RIHousing unless and until (a) an Authorized Officer has determined that such Interest Rate Exchange Contract is permitted by and consistent with the Derivatives Policy and (b) pursuant to the Derivatives Policy, an Authorized Officer of RIHousing has determined such Interest Rate Exchange Contract is necessary or desirable either to (i) better match interest rate correlations between assets and liabilities, (ii) reduce interest rate risk on existing Series Bonds or new Series Bonds including managing exposure to changing market conditions in advance of an anticipated bond issues, (iii) lower the anticipated total net cost of the Series Bonds or (iv) facilitate the sale of the Series Bonds in the bond market at the time of pricing of such Series Bonds. “Interest Rate Exchange Contracts” may include, but are

not limited to, any interest rate swap, yield swap, maturity swap, or other interest rate exchange contract.

To the extent that less than all of the Series Bonds are issued at the same time, all of the conditions to the issuance of Additional Bonds under the General Resolution shall be satisfied with respect to the portion of the Series Bonds being issued at any one time as if such portion of the Series Bonds were a separate series of Bonds under the General Resolution.
