

RIHousing Health and Housing Request for Proposals

Questions and Answers

February 27, 2025

Q: The RFP states "scattered site developments, where units are dispersed amongst many buildings, are not eligible for this pilot." Am I correct that a site like Rumford Towers with 2 buildings on one property would be eligible as long as its operated as a single development and the health service is available to residents of both buildings?

A: Yes, that is correct.

Q: I'm reaching out to confirm whether the budget narrative and program timeline can be considered as separate documents, or if they must be included within the five-page narrative limit for the Health and Housing Pilot Funding application.

A: The budget and outcome spread sheet is a separate document: [Attachment-D-Health-and-Housing-Pilot-budget-outcomes-beneficiaries.xlsx](#) and is **not** counted towards the five page narrative limit.

The program timeline is a part of the proposal narrative (section B #7) and is included in the 5 page limit for the proposal narrative.

As a reminder: Attachment D (the Budget and Outcomes), Certifications (Attachment C), the letter of intent signed by the housing provider and the healthcare entity, and, if included, resumes, are **not** included in the page limit and may be submitted as separate attachments on the application form. Please attach them all (along with your proposal narrative) to your [application form](#) using the drag and drop feature at the bottom of the form.
