

## **RIHousing Health and Housing Request for Proposals**

### **Questions and Answers**

**February 27, 2025**

Q: The RFP states "scattered site developments, where units are dispersed amongst many buildings, are not eligible for this pilot." Am I correct that a site like Rumford Towers with 2 buildings on one property would be eligible as long as its operated as a single development and the health service is available to residents of both buildings?

A: Yes, that is correct.
