

## RIAR TRAININGS

Spring 2021

---

### **Return of the Limited 203k Loan Program**

Thursday, May 6, 2021 @ 12:00 pm – 1:00 pm

Rhode Island is steeped with history and our architecture reflects a rich and diverse heritage. This also means that we have an older housing stock—one of the oldest in the country in fact. Older homes provide opportunities for first-time homebuyers. Purchasing a fixer-upper is one way for buyers to own their dream home. We are happy to share that RIHousing will soon be re-launching our Limited 203(k) loan program later this spring. Since the pandemic hit, the program has been suspended. Join RIHousing Homeownership staff to learn more about the relaunch of the program.

### **REALTORS® CE Class**

Wednesday, May 12, 2021 @ 1:00 pm – 4:00 pm

**PART I:** Join RI REALTORS® for this exclusive class that will give members a comprehensive review of RIHousing programs as explained by specialists, underwriters, and members of their senior team. All aspects will be reviewed and discussed so REALTORS® can successfully tap into the many homebuyer and community lending programs offered by the agency. You will learn about current challenges facing RI homebuyers and how RIHousing has responded to reduce barriers to homeownership.

**PART II:** The second part of the program will allow you to gain valuable insight into a homebuyer's experience by actually participating in RIHousing's First-time Homebuyer Education class. After attending part 1, you will receive instructions and be given the option of attending part 2 on either: June 8, July 13 or August 5: 6pm – 9pm with RIHousing.

For attending both portions, you will receive 6 CEs.
